

Jake Bonetta

Former student

Chairman of Honiton FoodSave

In November 2020, after leaving Colyton Grammar School, Jake founded a community action group called “Honiton FoodSave” with the aim to distribute surplus food from local supermarkets. Its mission is to reduce food waste and food poverty. No referrals are necessary and no questions are asked; everyone is welcome, whether they are people wanting to save money, have a

specific need or just hate to see food go to waste. Food can be ordered via a website on collection days.
