

Follow these links to find more information and specimen/past papers for the relevant admissions tests for the degree courses and HEPs listed.

N.B. This resource has been produced to make it quicker and easier for staff and students to find relevant admissions test information and preparatory materials. The list might not be exhaustive and might contain errors (particularly as entry requirements can be subject to frequent change). It is always the responsibility of applicants to find out which tests they need to sit and to ensure they have registered for them appropriately. If you notice a broken link or anything that is incorrect or out-of-date, tell Mr Banks and he will amend the list.
